ATTACHMENT TO CRIMINAL COMPLAINT:

M-22- 1810 -M

RE: Hector Javier Ibanez

CONTINUATION:

PRINCIPAL STATEMENT: Hector Javier Ibanez

Hector Javier Ibanez, a United States Citizen, was read his Miranda rights in the Spanish language. Ibanez understood his rights and agreed to provide a sworn statement.

Ibanez told Agents he was contacted by an unknown man in Mexico, asking him to pick up and transport a female. Ibanez added he does not transport illegals but did this time because the usual driver didn't answer. Ibanez claims he was not going to be compensated for transporting the female; he was only going to take her wherever she needed to go, and the other driver was going to get paid. Ibanez later said he found the female and had her board his truck. A few moments later a law enforcement vehicle activated his emergency equipment; Ibanez stated he drove off and told the passenger to exit and run because he did not want problems. Ibanez said the passenger jumped out on her own while the vehicle was still in motion and he continued driving faster. Ibanez later stated he eventually stopped and began to run on foot until he surrendered and was apprehended by Border Patrol.

MATERIAL WITNESS STATEMENT: Mayely Elisabeth Flores-Guardado

Mayely Elisabeth Flores-Guardado, a citizen and national of El Salvador, was read her Miranda rights in the Spanish language. She understood her rights and agreed to provide a sworn statement.

Flores indicated she made her own smuggling arrangements and agreed to pay \$15,000. Flores added she crossed the Rio Grande River alone and walked and hid in the brush for several hours before receiving a phone call. The person on the phone asked her where she was, and a vehicle was going to pick her up. Flores told Agents a dark colored four-door truck arrived and stopped at her location before she boarded through the front passenger door. Flores said the driver noticed law enforcement behind him and ordered her to jump out of the vehicle. Flores added the truck was still travelling at what felt as an elevated speed when she jumped. Flores indicated the driver never made an attempt to stop before she exited. Flores felt she had to do what the driver said and sustained a shoulder injury and several scratches to her face.
